

COMING
SOON

Introducing **GelCaps** the newest word in horn fly control

Now there's an easy-to-use, cost-effective system that takes aim at horn flies and helps you win back control — all with less labor, less handling, and with more effectiveness.

Introducing the revolutionary VetCap+AiM^C System. Use the state-of-the-art VetCap applicator to launch AiM^C gelcaps, delivering a proven insecticide to your cattle.

AiM^C GelCaps combine the latest pour-on treatment with soft capsule technology to bring you a faster, easier, low-stress way to effectively treat your cattle, when and where you choose.

Visit us at www.AimGelCaps.com or call 800-542-8916 to learn more and locate a dealer near you.

- SAVES TIME, LABOR AND MONEY
- LESS STRESS ON CATTLE
- APPLY WHEN AND WHERE NEEDED

**VETCAP AND AiM^C
WORKING TOGETHER
TO CONTROL FLIES.**
